Introduction

Our firm, Alsworth Capital Management, LLC, is registered as an investment adviser with the U.S. Securities and Exchange Commission. Brokerage and investment advisory services and fees differ and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.

Relationships and Services

What investment services and advice can you provide me?

Services: We offer investment advisory services to retail investors. These services include wealth management which is a combination of financial planning and investment management. We may also offer financial planning as a stand-alone service. Our services can be offered as a wrap fee program where we combine securities transaction fees and other fees and expenses with our investment advisory services. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.

Accounts, Investments, and Monitoring: We provide services to individual, joint, retirement, trust and estate accounts. We primarily use mutual funds, exchange-traded funds, stocks, bonds, and options in constructing portfolios. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also meet with you at least annually, or more frequently, depending on your needs.

Investment Authority: We provide our services on a perpetual and discretionary basis. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing.

Account Minimums & Other Requirements: We do not require an account or relationship size minimum in order for you to open/maintain an account or establish a relationship.

Additional Information: For more detailed information on our relationships and services, please see Item 4 – Advisory Services and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?

Asset-Based Fees: Our asset-based fees for wealth management and investment management range up to 1.00% annually based on a tiered schedule and the scope of services provided. This fee will be collected at the end of each calendar quarter and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will pay more in advisory fees. If you are engaged in our wrap fee program, asset-based fees will include most securities transaction fees and fees to a broker-dealer or bank that has custody of your assets, and therefore you will have a higher asset-based advisory fee.

Hourly Fees: Our hourly fees for financial planning are at a rate of up to \$165 per hour for consultant time and \$75 per hour for administrative personnel time. Hourly fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. We will provide you with an estimate for total hours and overall costs prior to engaging us for these services.

Fixed Fees: Our fixed project-based fees for financial planning are based on the expected number of hours to complete the engagement at our hourly rate described above. Fixed fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. We will provide you with an estimate of the total cost prior to engaging us for these services.

Other Fees & Costs: In addition to our advisory fee, you will also be responsible for custody fees, account administrative fees, fees and expenses related to mutual funds and applicable securities transaction fees. If you are in our wrap fee program, applicable securities transaction fees will be included in our advisory fees.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice that we provide you. Here is an example to help you understand what this means.

Some of our financial professionals are registered representatives and investment advisor representatives of Cadaret, Grant & Co., Inc. (“Cadaret Grant”), an SEC registered investment advisor and broker-dealer. In addition to our services, our financial professionals will offer you brokerage services and investment advisory services through Cadaret Grant. Brokerage services and investment advisory services through Cadaret Grant are separate and apart from our advisory services. Your financial professional will earn investment advisory fees for advisory services provided, and commission-based compensation for transactions implemented through Cadaret Grant. You are encouraged to learn more about Cadaret Grant by reviewing their relationship summary (Form CRS) and having a discussion with your financial professional.

Additional Information: For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

How do your financial professionals make money?

Our financial professional is compensated based on an agreed-upon annual salary. Additionally, our financial professional receives dividend distributions based on the overall revenue generated by the firm. This means our financial professional has an incentive to increase the asset size in the relationship or solicit new business, taking time away from the day-to-day servicing of existing clients.
